

Dear FCC,

I chose to get satellite radio because I can listen to what I like when I want to. It gives me the freedom to choose what I listen to. I like the variety and quality that satellite provides. I pay for these services and I don't believe the National Association of Broadcasters should be able to decide what I can get when I am paying for it. I respectfully urge you to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that you and I and anyone else who wants it and deserves it.

Thank you very much

Jan Maskew
